Location

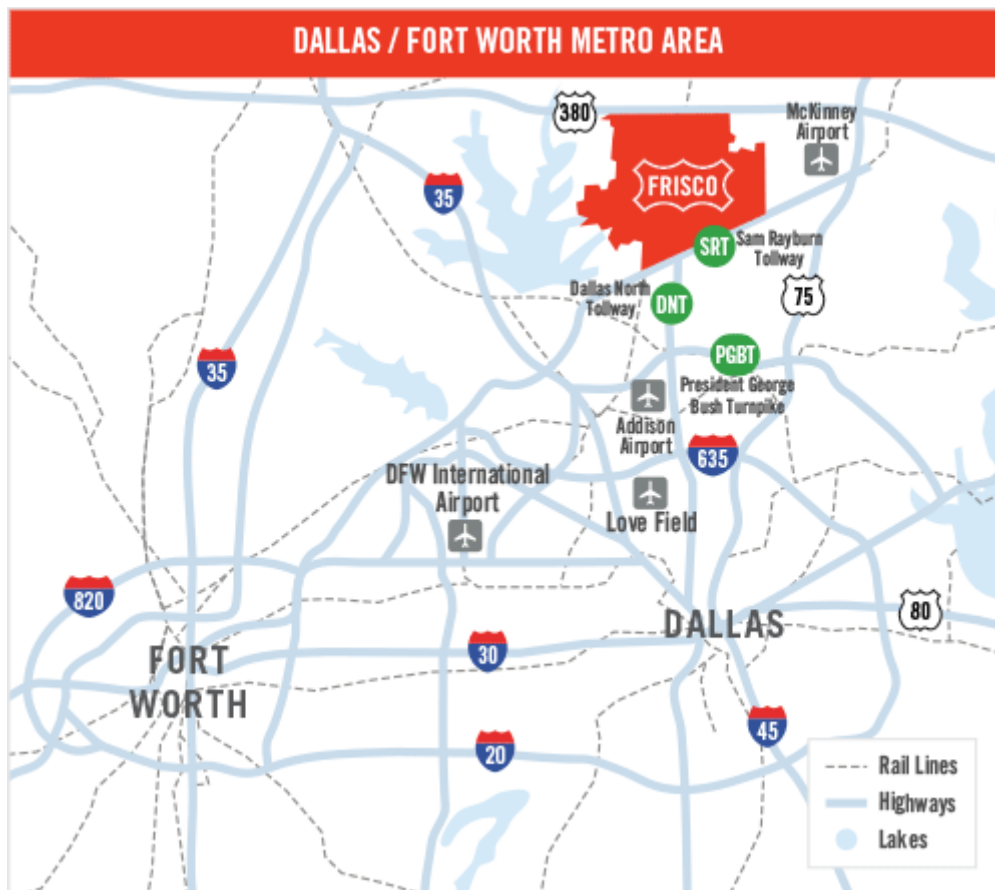

Frisco, Texas is one of the fastest growing cities in America. Just 25 miles northeast of the Dallas-Fort Worth International Airport, planners, economists and site selectors have identified Frisco as one of the nation's brightest spots for development.

Located in the Central Time Zone, Frisco is only one hour behind the East Coast and two hours ahead of the West extending the working day for companies doing business on both coasts.

Air travel time from D/FW International Airport to any major city in North America is less than four hours.

With major highways north-south and east-west, the community is well positioned on the path of growth in the Dallas area and provides easy access to all its amenities.

Frisco provides its residents and businesses with access to a region of over 6.7 million people. In addition, over 40 million people in the US reside within a 600-mile radius of the Dallas - Fort Worth Metro area, making Frisco accessible to an extremely large consumer and industrial market.

209 destinations,
domestic and international

4.5-hour flight or less
to every major continental
destination

DFW International Airport
4th busiest in the world

25 minutes north of downtown Dallas
with easy access to interstates and major highways.
